Drawing instructions:

Step 1. Draw an arc to form the body of the rocket.

Step 2. Draw 3 shapes as shown in the picture.

Step 3. Draw a line on top of the arc and double lines connecting the 3 shapes.

Step 4. Draw wings.

Step 5. Draw the circular window.

Step 6. Draw a flame.

Step 7. Add details.

Step 8. Draw some stars. Done!

The rocket drawing is finished.

Can you colour it in and draw a background to include the moon, planets, stars, astronauts or alien life forms?
